

EMERGENCY KIT INSPECTION FORM

Serial # _____ Next Inspection: _____

Kit Location: _____

It is recommended that all Emergency Kit owners establish and practice an inspection and training program on a regular basis. Kits should be inspected to ensure that the equipment is complete and ready for emergency use. Kits include contents lists, date stamped gaskets and box seals to assist inspection programs. Kit owners often coordinate routine kit inspections with training exercises. This form is provided as a convenient record of inspections and equipment expirations. Please contact Indian Springs Specialty Products for further information.

EPDM Gasket Recommended Shelf-Life Expiration (5 yrs.):
